

# Privacy Policy

## FAIN Privacy Policy

FAIN is a mobile client optimized for SAP. It works in online mode and allows you to access, edit, create, and sync records from SAP.

## Information ORIWIN Collects and Stores

FAIN does not collect any personal information, nor does it send any personal data to any external service.

## Use of Your Information

The SAP server URL and your credentials are stored locally and are strictly used in order to establish the connection during the synchronization process and online mode.

## Security of Data

App is network-capable and allows the connection to SAP server via Web Services.

All local data is encrypted based on an application key. The application key is created (randomly generated) when the database is created and protected by the user password.

## Contact Us

Should you have additional questions, feel free to contact us at [info@oriwin.eu](mailto:info@oriwin.eu).

## Consent

By downloading and using FAIN, you agree with the above mentioned Privacy Policy. The Privacy Policy is a subject to change. All amendments will be published here.
