

## Policy 11020001

Znenie / Text	Dátum / Date
<b>Internal Directive - IMS Policy</b>	01.01.2020
Zamestnanci / Employees	<b>All employees</b>

The company's management is aware of its responsibility for customer satisfaction and company management and therefore accepts the following

# COMPANY POLICY

**In accordance with the requirements of ISO 9001: 2015, ISO 14001: 2015, ISO 45001: 2018 the company's management decided on the following direction:**

- The company is committed to meeting the requirements of the quality management system, the environmental management system and the occupational health and safety management system and to continuously improve the efficiency of these systems.
- We will ensure the provision of services in order to avoid the negative impact on the environment as much as possible.
- We want to achieve continuous improvement not only by meeting legislative requirements and other requirements that our organization is committed to meet, but also by meeting unexpected customer requirements.
- We will regularly train our employees and thus increase their awareness.
- Taking care of the safety and health at work of our employees is an integral part of our company.
- We promote the full responsibility of each employee for the continuous reduction of negative impacts on the quality of services provided, the environment and health and safety at work at our workplace and customers' workplaces.

## Policy 11020001

- By managing risks in the area of quality, environment and occupational health and safety, we want to prevent environmental pollution as much as possible and prevent injuries and damage to the health of workers and our suppliers.
